

100% secure sheeting system

LITECOVER®, manual sheeting system, mobile and allowing to cover from the ground in complete safety.

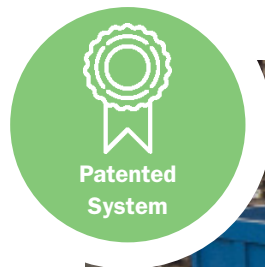

OTEXIO, as a partner of waste transportation professionals, has developed an innovative, simple, economical, and secure product to meet the needs of this industry.

2 in 1 :

- Secure your teams
- Make your equipment profitable

« I equipped 8 trucks with the LiteCover® in 2021, it's a basic investment that has paid off very well; I haven't had a workplace accident since and the nets are still in use.»

Anne-Marie GAULET - Security Manager

Solution for skip containers from 7 to 40m3

• CLEAN AND SECURE TRANSPORTATION

- Can be used in small spaces and in all weather conditions
- 1 net per truck
- For roll-off and skip containers
- Low truck space requirement

ENVIRONMENT

- No flying waste
- Optimization of the net size to the exact dimensions = no loss of material
- For all types of waste

Its lightness.

A fully equipped LiteCover® net for a 35m3 container weighs 6kg, which is 40% less than a high quality net.

Easy to handle and store.

- No falling from the skip/container
- Light and easy to use
- Covering from the ground

SAFETY

- A maintenance-free system
- High resistance
- Profitable in 6 months

PROFITABILITY

- Covering in less than 3 minutes
- Adaptable to all types of skips

TIME-SAVING
